CityView Poker Pals

TIPS TO TAKE YOUR GAME FROM "MEH" TO AMAZING

Anyone who lives at CityView knows that the game of Poker is a resident favorite. Poker involves a player betting that the value of the cards in their hand is greater than the cards the other players are holding. Each subsequent player must either equal, bet or drop out, and whoever holds the highest hand at the end of betting wins. As is to be expected, there is a fair amount of bluffing that takes place during the game. While there are many tips to playing Poker well, below are five play tips to consider using in your approach to the game.

1. Think about ranges, not hands.
2. Ditch your favorite hand.
3. Adopt a consistent strategy.
4. Know when to fold your Aces.
5. Realize Tilt only hurts you.
